

Top level exception handler

```
try { topLevel() }  
catch (ContinuationException ce) { k = ce.continuation; resume(k); }
```

topLevel:

```
try { ... f() ... }  
catch (ContinuationException ce) { ce.extend(f); throw e; }
```

f:

```
try { ... g() ... }  
catch (ContinuationException ce) { ce.extend(g); throw e; }
```

g:

```
try { ... call/cc(h) ... }  
catch (ContinuationException ce) { ce.extend(i); throw e; }
```

call/cc:

```
e.extend(h); throw e;
```
